1 Definitions and Abbreviations

In addition to definitions and abbreviations in the General terms section 1, the following shall apply to the Agreement with regards to the Services covered by these Special terms:

Term	Definition
Authority JV	An optional License2Share module to facilitate secure and traceable communication between Licensees on the NCS and registered authorities on License2Share.
Company administrator	The User organisation's authorised representative for use and management of License2Share.
JV	Joint venture between two or more User organisations for the purpose of managing activities and industry projects related to petroleum activity on the NCS.
License2Share Work processes	A set of rules and regulations managing the User organisations' mandatory and recommended behaviour and activities, defined by the License2Share Reference group, available upon request to NOROG and inside the Service.
Licensee	"Rettighetshaver" according to Norwegian petroleum act §1-6 letter j.
MC	Management Committee, as described in the Norwegian ministry of petroleum and energy's standard joint operating agreement, article 1.
MC Chairman	The Operator's member of the MC.
Reference group	The decision-making body for governing License2Share.
Super user	User from a given User organisation with extended privileges and duties related to the Service.

2 Service

2.1 Description

Collabor8 License2Share (hereafter called License2Share) is a document and workflow centric application, with functionality specified by the License2Share Reference group. The purpose of License2Share is to administer documentation and meetings in JVs.

License2Share also has an optional Authority JV.

2.2 Access management

Refer to License2Share Work processes for managing Users in License2Share.

The User organisation's Company administrator must appoint minimum two Super users per JV who:

- 1) Manages user accounts in a life-cycle perspective.
- 2) Handle support need for the Users.
- 3) Contacts the License2Share service desk to resolve Incidents and service requests requiring extended privileges and/or competency.

MC Chairman or MC member is accountable for granting access to relevant personnel within own company.

2.2.1 Authority JV

Access to the Authority JV requires signing a separate policy document available upon request to NOROG.

2.3 Support

Refer to description of the License2Share Service's support at www.collabor8.no/l2s.

2.4 Service level

2.4.1 Availability

NOROG's goal is that the service should be available at all times, except for during standard maintenance windows as described below.

2.4.2 Standard Maintenance window

Standard Maintenance windows (planned maintenance) are used for carrying out technical and functional updates.

- Technical updates: Typically performed monthly, with the goal of not affecting the availability of the service.
- Functional updates: Performed in relation to releasing new functionality in the service. Maintenance notifications are published on the service login-page and/or in e-mail to the Users minimum 7 days in advance.

2.5 Data management

Refer to License2Share Work processes. The JV Operator is responsible for archiving all information shared with partners and authorities as stated in "Regulations to Act relating to petroleum activities – Norwegian Petroleum Directorate".

In principle, it shall not be possible to delete any published information on License2Share. However, if information is deemed superfluous, recommended procedure is described in the License2Share Work processes.

3 Service fees

The basic Service does not require any specific fee, but relevant service catalogue entries can be delivered by the Contractor. For details contact License2Share service desk.

4 Processing of personal data

Terms in the General terms section 5 – "Processing of personal data" applies. The License2Share Privacy Policy is available at www.collabor8.no/privacy-terms.

5 Security

Terms as stated in General terms section 6 Security applies, with following additions:

- License2Share uses the Collabor8 Hello service to provide secure log-in and authentication services. Refer to Collabor8 Special terms available at www.collabor8.no/terms-of-services and general information available at www.collabor8.no/help-centre.
- Refer to License2Share Work processes for further description of information security regulations.

6 Termination

To ensure compliance with the Norwegian Petroleum Act and its relevant regulations data are not deleted.

7 NOROG's additional obligations

None.

8 User organisation's additional obligations

8.1 License2Share Work processes

A number of License2Share Work processes have been developed and acts as procedures covering all aspects of use of License2Share. It is each company's obligation to ensure that prevailing License2Share Work processes are known and adhered to at all times.

8.2 Company administrator

Each User organisation must appoint a Company administrator, being the User organisation's overall License2Share administrator. These responsibilities include:

- Participating as a member of License2Share Reference group.
- Being responsible for the company's internal License2Share user group.
- Having the authority to perform actions and order services across the company's operated JVs.

The person signing the relevant Order form will be assigned the role of Company administrator unless the User organisation is already registered on License2Share in which case the existing Company Administrator is kept.

Change of Company administrator is a service catalogue item which is free of charge.

8.3 Data overview

Upon request from NOROG, the User organisation must present a list of any own subcontractors involved in access to or processing of data controlled by other User organisations, consumed from NOROG's Services.

9 Governance

All decisions concerning design, maintenance, operation, and functionality are made by the License2Share Reference group.

10 Additional provisions

None
