

# First time login to new L2S

- If you want to use Microsoft Authenticator, you must download it to your phone if you do not already have it. Then click **Next** to start the process of adding L2S. (see page 3)
- Alternatively, you can choose to use SMS as two-factor authentication. Then select *"I want to set up a different method"* You will then receive a code by SMS to verify the login. (see page 2)

# First time login to new L2S with SMS

- Select “Phone” as your method
- Add your country and phone number
- You will now receive a code on your phone, enter this and click Next.

# First time login to new L2S with Microsoft Authenticator

- Now you need to use the *Authenticator app* on your phone and select "Verified IDs" at the bottom right.
- Click on "Scan a QR code" and scan the QR code that appears on your PC.
- The Authenticator app should now list "Offshore Norge L2S"
